Avg Length of Stay - Readmitted

5.57

Avg LOS Readmitted

Length of Stay Gap in Days

2.84

LOS Gap

Avg Length of Stay - First Visit

2.72

Avg LOS First Visit

Key finding: Prior admission history accounts for 56% of LOS predictive power (Random Forest model). Patients with 2+ prior admissions averaged 5.27+ days vs 2.72 days for first-time visitors.

Recommendation: Flag patients with rcount >= 2 at triage for early multidisciplinary team review and enhanced discharge planning to reduce extended stays.
